## 1 Introduction

This is the introduction part.

The text written here is based on the ViBA lab meeting that has been recorded by the professor on December 22, 2023. The subheadings written in this file have been arbitrarily written by Jeehong Kim. Please note that the instructions here are not mandatory. For anything not related to the template style in this file, it is strongly recommended that you ask the professor directly.

## 2 Literature Review

This is the literature review part. Use cite to use references[1]

Recommended number of pages: 5 pages

## 3 Dataset

This is the dataset part. The following items may be included: Overall dataset description, Source of the dataset, variables description etc

Recommended number of pages: 3 pages

## 4 Future Works

This is the future works part. For further references see [Something Linky](#) or go to the next url: <http://www.sharelatex.com> or open the next file [File.txt](#)
